ALHRM

PERSONNEL/PAYROLL KICKOFF

As many of you are aware, the State of Alabama has been working with CGI to develop the requirements needed for the much-anticipated upgrade to Alabama's Personnel/Payroll system (ALHRM). The ALHRM project team includes the State Personnel Department, State Comptroller's Office, State Business Systems, and the CGI HRM team. At this time, we are excited to report that the requirements phase of the project is nearing completion, and it is now time to prepare for implementation. To initiate this phase of the project, we are hosting project kickoff meetings in the auditorium of the State Capitol. Critical information regarding timeframes and ALHRM training will be addressed at these meetings. Available dates and times are shown below. Please plan for at least one representative from your agency to attend a kickoff meeting. Time slots are limited to first come first serve. Use the ALHRM Registration link below to reserve your time slot.
